COMPUTER ANIMATION FESTIVAL

BEST IN SHOW

Kids

Michael Frei

Switzerland

KIDS is a game of crowds. The project consists of a short film, an interactive animation and an art installation. How do we define ourselves when we are all equal? KIDS is the second collaboration of filmmaker Michael Frei and game designer Mario von Rickenbach after their project PLUG & PLAY. The project is co-produced by Playables, SRG SSR and Arte.

JURY PRIZE

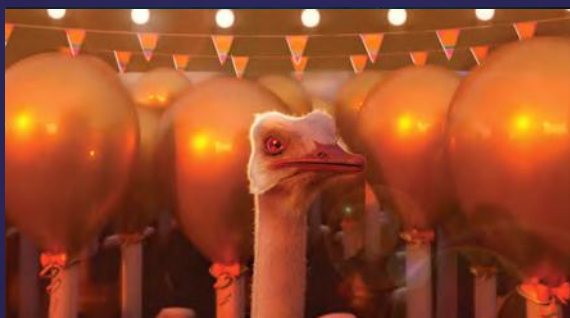

Spring

Andy Goralczyk

Germany

Spring is the story of a shepherd girl and her dog, who face ancient spirits in order to continue the cycle of life. This poetic and visually stunning short film was written and directed by Andy Goralczyk, inspired by his childhood in the mountains of Germany. The Spring team used the development version of Blender 2.80 for the entire production before beta launch.

BEST STUDENT FILM

The Ostrich Politics

Mohammad Houhou

Lebanon

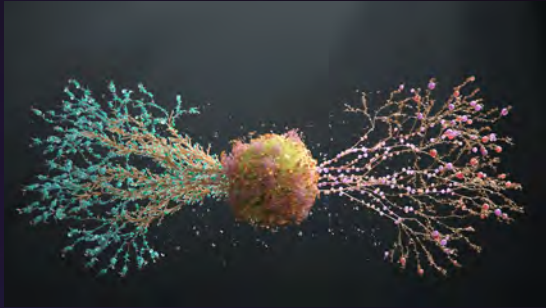

Ostriches carry on their daily activities burying their heads, believing it's an instinctive behavior. However, one day a research by phylogeneticist Dr. Kays proves otherwise.
