

## SIGGRAPH ASIA 2019 Victoria University of Wellington Careers

### Victoria University of Wellington

For more than a century, Victoria University of Wellington has developed a tradition of fostering strong international links in teaching and research and high quality programmes of international significance. Situated on the edge of the world's most beautiful harbours, Wellington is New Zealand's political and cultural capital and is the 5th top eco-city in the world. In 2019, VUW was ranked the best university for research quality in New Zealand for the second year running, and attracts high achieving and inspired students and staff.

### Job Openings

#### 1. Senior Lecturer / Associate Professor in Animation & Visual Effects

##### **Responsibilities:**

The School of Design at Victoria University of Wellington is pleased to announce a new position as part of our new major in Animation and Visual Effects. This role focuses not only on delivering high quality teaching and research, but also service that helps to establish this new major. Candidates should have broad knowledge of the various areas that operate within the professional production of animation, VFX, film, and/or games. This major will align closely with our Master of Design Technology offered at the new Miramar Creative Centre (MCC).

##### **Requirements & Qualifications:**

As well as experience teaching in higher education, the candidate should have a strong professional portfolio, with substantial expertise in one or more of the following areas:

- 3D modelling
- 3D and Character Animation
- Motion Capture
- Visual Effects
- Conceptual/experimental approaches to the field

We also seek candidates with substantial experience creating new programmes or courses, and innovative approaches to studio teaching.
